

Dear Hotelier,

Georgeson Constructive is a local and international design and remodel Group with over 15 years of experience working in the hospitality sector. We are excited to offer Palm Beach County hoteliers our design-build services. We can accommodate all project types including buildings striving to achieve LEED Certification in addition to those wishing to refinish specific areas.

**We are pleased to introduce Georgeson Group as an Alliance Partner to the Palm Beach Hotel and Lodging Association. As a new partner, we would like to introduce ourselves to your company through a facility consultation, free of charge, focusing on developing a design and/or sustainability plan for your facility to be used in either a complete renovation or to just improve energy use in specific areas.**

Our full range of services include:

- architectural, interior and engineering design
- cost plan analysis and budgeting
- full service general contracting
- taskforce refinishing services

We are looking forward to working with you, and if you would like to take advantage of complimentary facility consultation or would simply like more information on any of our services please contact us.

Kind Regards,

Mark Krejcarek  
Business Development Executive
